

## FILUX THC

Blend of modified polymers

CHARACTERISTIC	SPECIFICATIONS	UNIT OF MEASURE
Appearance	Milky Liquid	
pH (1:10)	6 +/- 1	
Active substance	26 +/- 2	%

**FILUX THC** is a special emulsion specially designed to give a soft and silky feel to all types of leather.

Particularly suitable for Nubuk, suede and split articles, usage rates range from 2 percent up to 6 percent if a "wet" effect on the leather is desired.

It can be applied in the final stage or during dyeing, before acid. It is also very effective as an antistatic agent.

Storage: 6 – 12 months. Keep the product in intact, well closed original packaging, in cool and dry place, away from heat sources. Shake always before use. Close the container tightly after use.
